- ◆ **STAFF AUGMENTATION** – Leading GIS Experts Supporting Your Agency
- ◆ **ONGOING SUPPORT** – Ensuring Your Ongoing Success
- ◆ **FULL SERVICE GEOSPATIAL** – If it is Geospatial, We are Ready to Assist

### INDUSTRY PARTNERSHIPS

GTG is a multi-award-winning Esri Partner. We have been an Esri Business Partner for 25 years.

### ABOUT US

GTG is a GSA Small Business Multiple Award Schedule (MAS) contract holder. For 25 years, Geographic Technologies Group has established itself as a premier partner for government agencies, providing exceptional geographic information systems (GIS) services. Our goal is to empower clients to effectively map, analyze, and manage spatial geographic and database information, enhancing their overall efficiency and productivity.

GTG delivers GIS projects of various scales throughout the United States, acting as both a primary contractor and subcontractor. The company is well-prepared to accommodate multiple large projects and augment staff for swift and effective responsiveness. With the capability to deploy adept technical personnel, GTG can operate remotely and/or on-site.
